THE MARY HAVILAND WASHINGTON STATE SCIENCE AND ENGINEERING FAIR SCIENCE TEACHER OF THE YEAR

Established by Mary Haviland, RN, MSN in 2000, this award consists of a cash award, a marble plaque and a traveling trophy. This award is presented annually to a participating Washington State Science and Engineering Fair (WSSEF) teacher who:

- Stands out from their peers.
- Promotes science education among students.
- Demonstrates a strong passion for teaching science as it relates to everyday life.
- Makes science fun and realistic for students.
- Empowers students to learn science.
- Exhibits excellence in teaching.
- Is up-to-date on current scientific methodology, ideas, and concepts.
- Encourages science partnerships within the community.
- Has not won the award in the previous 5 years.

Nominations can be made by a principal, department head, peer, science student or science student parent. The nomination packet should include letters of endorsement and a teaching biography/resume.

Nominations should be addressed to the Mary Haviland Science Teacher of the Year Selection Committee and must be postmarked no later than March 9, 2012.

The selection will be announced at the WSSEF Award Ceremony on March 31, 2012.

Please mail nomination information to:

Mary Haviland Science Teacher of the Year Selection Committee
